April 12, 2017

Rock Island County Board
1504 Third Avenue
Rock Island, Illinois 61201

On February 10, 2017, the Chief County Assessment Office certified the completed 2016 assessment roll to the County Clerk, having processed 822 Board of Review instruments, of which 418 were taxpayer-generated assessment appeals in Rock Island County. The number of appeals in assessment year 2016 was a 14% decrease from the 953 assessment appeals in assessment year 2015. In addition, the Department of Revenue has determined a state equalization factor will not be necessary since assessment loss at the Board of Review in 2016 again did not meet the minimum threshold for a state equalization factor.

At the end of 2016, the median sale price for existing single-family residences in Rock Island County decreased 1% from 2015 to 2016 (\$119,300 to \$118,300) according to Ruhl and Ruhl's *Facts and Trends*. Also, the number of existing residential sales in Rock Island County decreased from 2,145 homes in 2015 to 2,130 homes in 2016 representing a 1% annual decrease.

The 2016 assessment year was the third year in a row that the assessment base increased. Preliminary sales ratio results indicate that the assessment base will likely increase in the 2017 assessment year as the tentative equalization factors for some townships in Rock Island County will be positive and will be confirmed soon by the Illinois Department of Revenue.

I would like to thank all those involved with the assessment cycle including the employees of the Chief County Assessment Office, the Members of the Board of Review, and also the Rock Island County Township Assessors and their staffs, the for their hard work during the 2016 assessment year.

Larry A. Wilson
Rock Island County Assessor
