Parris brings up the adjustments from the previous years budgets and how we are nearly at 50% of funds per the line items. Our focus is on the food that's only at 23% with acknowledgement that it should increase near the end of the year. If not, the funds will be placed into other areas. Brian Habel confirms that the funds are from our funds, not gift cards, and further described the services such as food, rent, personal hygiene provided to local veterans.

Brad Bigford covered the positive press brought on by this project with Todd at the forefront. The final naming convention of the project was not yet confirmed but the VAC is likely to have a large impact on the naming convention. "Lane Evans" is a solid contender for the projects title, and Todd Harlow further thanks members in attendance. Todd further stressed the importance of subsidized homes for veterans. Jason Wilkins asked for elaboration on the application process, with Todd expressing the Springfield location's guidance on what they utilize for a similar project that is being done in other parts of the state. Brad Bigford expressed that the rock island housing authority oversees section 8 housing and that Mr. Chao works with the VA for VASH to subsidize housing for veterans. The completion timeline is expected sometime in the fall. The honor guard was thanked for their support of the event.

Parris brought up the Friday going away locally for Todd.

90 New clients in April, nearly three new veterans a day for the month. 165 actions, created 295 forms, submitted 190, uploaded 260 files into VetPro, 30 decisions, and 355 interactions with veterans or family members. 16 people a day were interacted with. The number of new submissions shows that were being noticed as a good organization to get veterans their VA benefits. Covered the new meeting packet format for the following month. Will decrease creation demand, and streamline the flow of the meetings. Todd asked the body of the commission if the current format is useful and encouraged members to speak up if the information provided is useful. It was highlighted that 5/4 people are bad with math. SECC asked if the majority of those coming were elderly vets, and it was confirmed that it was all ages that show up. Jason brought up that the younger generation is poor at communication

amongst itself, but that this organization is gaining trust via word of mouth. Cory brought up that the next wave of OIF/OEF are just past the 20 year mark and we expect more to come. Consistently high levels of awards granted from last month. Brian Habel addressed that many veterans have bad experiences with VSO's and avoid the process. Gage shared his experiences with poor VSO's and the stress they cause those departing the service. Other offices such as Carla's were identified as overwhelmed and that degrades performance by Todd.

New Assistant Superintendent – Bigford 0810

Asks for people to bring information on any changes to the budget. The county wants the budget to be input into the system in June. The intent is for the budget to be easily digestible by the Commissions members. Changes can be done on the spot on the following meeting held at Milan. Korean war group is disbanded as next week. Dennis Johnson was asked to become a delegate along with Andy Ortiz VFW 8890. Weapons and equipment will be turned in and the organization will close. Dennis expressed the age.
